

## JD HANSON

The JD Hansen and, her sistership, The Downtowner are ideal for small family or business groups going to dinner or going for a sightseeing tour. Also, these vessels are popular for the Water Taxi's "Scavenger Hunt" charters where companies hire both vessels and split their group into 2 teams that compete in completing the Scavenger Hunt course.

The JD Hansen is one of the original Water Taxis. She was renamed a few years back in honor of long time Water Taxi captain JD Hanson. The seating area is partially covered.
